Out of Zone Enrolments

Each year the board will determine the number of places which are likely to be available in the following year for the enrolment of students who live outside the home zone. The board will publish this information by notice in a daily or community newspaper circulating in the area served by the school. The notice will indicate how applications are to be made and will specify a date by which all applications must be received.

Applications for enrolment will be processing in the following order of priority :

First Priority	this priority category is not applicable at this school because the school does not run a special programme approved by the Secretary
Second Priority	will be given to applicants who are siblings of current students
Third Priority	will be given to applicants who are siblings of former students
Fourth Priority	will be given to applicants who are children of board employees
Fifth Priority	will be given to all other applicants

If there are more applicants in the second, third, fourth or fifth priority groups than there are places available, selection within the priority group will be by a ballot conducted in accordance with instructions issued by the Secretary under Section 11 G(1) of the Education Act 1989. Parents will be informed of the date of any ballot by notice in a daily or community newspaper circulating in the area served by the school.

Applicants seeking second or third priority status may be required to give proof of a sibling relationship.
